UNRRA HEARS BLUNT TALK BY LAGUARDIA

New Director General Tells Delegates He Will Seek Food for World Relief From Any Source

CHALLENGE ARGENTINA

Atlantic City, N. J., March 29.—(P)—Piero LaGuardia, new director general of UNRRA, told delegates from 48 nations today that he would seek food for world relief wherever he could find it, including the Argentine.

"Ticker tape isn't spaghetti," cried out the squat, fast-talking former mayor of New York in his inauguration address after bluntly declaring that the people of the world "want bread, not advice."

With almost a touch of scorn, he waved a batch of resolutions which have been passed during the two week council meeting here, and asserted belligerently:

"I want ploughs, not typewriters. x x x. I want fast moving ships—not slow reading resolutions."

At the outset of his extemporaneous speech in the formal flag-draped setting of the council, LaGuardia confessed amid chuckles that he was "no diplomat."

"When I have something to say," he said, "I'll say it. From this point on, the portocol is off."

"Wheat," he cried, "has no political complexion, and I'll buy wheat wherever I can find it."

Then he said that he would start right now by extending his greeting to Col. Peron, president of Argentina.

"Here is an opportunity," he said, "for Argentina to show its desire to cooperate with the rest of the world."

A dispatch from Buenos Aires today said Argentina had declined an invitation to membership in UNRRA on the ground that she already is committed to send all her exportable food surplus to various countries by sale or donation.

"Before long," La Guardia continued, "I'll be knocking at the door of my old friend, MacKenzie King."

He told the delegates that relief was "not an international chess game where every move seeks an advantage, nor a game where one ponders every move."

"Our job is to take food where we can find it, and to take it to people who need it wherever they are," he said.

Successor to Herbert Lehman as director general of UNRRA, the former mayor of New York was confronted with an assignment complicated by the fact that the relief work is dependent upon voluntary procurement of supplies rather than mandatory rationing.

Despite Lehman's request, UNRRA council refused to go all-out for war time controls over food. UNRRA's position was taken in concurrence with the contention by President Truman, Herbert Hoover and Agriculture Secretary Clinton Anderson that rationing now was unnecessary to meet a short period emergency.

Year's Extension Of Draft Favored

Washington, March 29.—(P)—Chances for one-year extension of the draft gained ground today as indications developed that the senate military committee will back such an additional lease on life for Selective Service.

The tip-off came from Senator Smith (R-N. J.) as the committee called Vice Admiral Louis E. Denfeld, navy department personnel chief, for further testimony on why the law should be continued 12 months beyond its coming May 15 expiration date.

Smith told a reporter that the United States "cannot afford to take the chance" of allowing the draft to lapse seven weeks hence.

Smith's observation was considered significant for he figured in the committee's 8-8 vote which earlier this week blocked approval of both a six weeks compromise extension and the full year proposal. The tie led to the current renewal of public hearings.

ALBION LICENSE SUSPENDED

Harrisburg, March 29.—(P)—The State Liquor Control Board suspended for 45 days, effective April 23, the license of Mary Kates, owner of the Kates-Kates restaurant at Albion, who was cited for sales to visibly intoxicated persons, sales in excess of 72 fluid ounces, maintaining gambling devices and permitting gambling.

Smock and Frame Restudy Pennsylvania Road Program

Harrisburg, March 29.—(P)—Ray F. Smock, an orphaned farm boy who came up the hard way through the construction industry to become Pennsylvania's secretary of highways, is having the commonwealth's \$100,000,000-a-year road program re-studied today to match requirements against resources.

The 45-year-old executive, moved up from deputy secretary after Governor Martin dismissed John U. Shroyer from the cabinet post of "disloyalty," explains "it's the

Nazis Sought Broad Treaty With Britain

By RICHARD KASISCHKE

Nuernberg, March 29.—(P)—Joachim von Ribbentrop testified before the international military tribunal today that he "warned Adolf Hitler before the war that the British people would 'fight to the last man for the empire.'"

"It has been alleged that I told Hitler from London that England was degenerate and would not fight," the former German foreign minister said. "I want to state here that I told him just the opposite. I told him the English people were heroic and would fight to the last man for the empire."

Von Ribbentrop declared that "certain British elements, notably Winston Churchill," thwarted Hitler's efforts in 1937 to achieve a broad treaty with England because "they feared upsetting Britain's traditional policy of balance of power in Europe."

Speaking in a low voice in his own defense, he asserted that he and Hitler worked hard to gain this understanding as a follow-up to the English-German naval treaty of 1935. He said the naval

State Police Will Stay In Pittsburgh

Harrisburg, March 29.—(P)—Governor Martin said today the Pennsylvania state police will remain at the strike-bound plant of the Westinghouse Electric Corporation at East Pittsburgh "at this time."

"I feel it would be a grave mistake to withdraw the Pennsylvania state police from Allegheny county," the governor said in a statement.

The state police were sent to the East Pittsburgh plant at the request of Sheriff Walter C. Monaghan to help enforce a court order banning mass picketing.

Martin earlier in the week was asked by a delegation from local 601, CIO-United Electrical, Radio and Machine Workers to withdraw the police and sent William H. Chesnut, secretary of labor and industry, to Pittsburgh to investigate.

The governor in his statement, said he based his decision on reports from Chesnut, Col. C. M. Wilhelms, state police commissioner, and Sheriff Monaghan, as well as other confidential information.

Third Carbon Plant In St. Marys Idle

St. Marys, March 29.—(P)—Employees of a third carbon plant in the St. Marys area went on strike today in demand for 18½ cents an hour wage increase.

Some 250 workers of the Speer Resistor Corp. plant here were idle in the latest work stoppage. Also affected are about 1500 employees of the Stockpile Carbon Co. in plants at St. Marys and Johnsonburg and 800 employees of the Speer Carbon Co. of St. Marys. Work stoppages at the latter companies began yesterday.

Negotiations between the United Electrical, Radio and Machine Workers (CIO) and the management of the three firms were at a standstill as token pickets circled at entrances to all struck plants.

Martin program" and he's behind it all the way.

"But we're faced with this fact: For the same amount of money today, you can only build about six miles of highway compared to 10 in 1940," he said.

So his long-time business associate, fellow Crawford-countian, and now chief engineer of the department, Thomas C. Frame, "is analyzing our resources and our needs, and when completed, we will construct or reconstruct our roads based upon the best service to the commonwealth."

TO RESTRICT CAPACITY FOR WAR IN REICH

Program Outlined By Control Council Slashes Economy In Half And Emphasizes Rebuilding

IN FOUR CATEGORIES

Berlin, March 29.—(P)—A plan to eliminate Germany's industrial war potential while retaining enough of the beaten nation's economy to make it reasonably self-sustaining by 1949 has been adopted by the Allied Control Council.

The program, outlined in detail by the council last night, slashes German economy in half and places future emphasis in production on agriculture and on coal and materials for the rebuilding of war-torn cities.

Every industry which could possibly be diverted to the manufacture of war materials is to be eliminated and other industries considered on the fringe of the war potential are to be cut back. Only enough export trade is provided for to pay for the food Germans must import to maintain their reduced living scale.

Allied officers said the target is to establish by 1949 a standard of living for Germany approximating that of 1932. Germans would not be permitted a higher standard of living than the European average.

The council's outline established four general industrial categories:

1. Industries to be prohibited. These include synthetic gasoline and oil, synthetic rubber, synthetic ammonia, ball and taper roller bearings, heavy machine tools, war-making types, heavy tractors, aluminum, magnesium, beryllium, vanadium, radio active materials (including uranium), hydrogen peroxide. The list expands from five to 19 industries barred by the Potsdam meeting of the Big Three.

2. Those to be restricted to certain levels so any excess can be used to pay off Germany's war debts. Outbacks included steel limited to 5,800,000 ingot tons a year; output 39 per cent of the pre-war output; and machine tools, with only 11.4 per cent of pre-war production allowed. A senior officer said economic exports of all four Allied Powers would tour the Reich to compile a list of industries which can be used to pay German war debts.

3. Industries producing peace-time goods which may go ahead full blast. Coal, for instance, is to be mined to the utmost, providing a balance for export in order that Germany may have cash to meet reparations. Officials estimate said coal output by 1946 would be 75 per cent of the 1936 peak.

4. Industries which have levels fixed for 1949 only, without providing for reparations should those levels be exceeded.

A statement issued by the council said the heavily-industrialized Ruhr would remain as part of Germany, at least temporarily. The French have demanded that it be internationalized or separated from Germany in some way.

The riot ended only when American armored cars rolled into the camp.

About 135 German police, accompanied by U. S. military police, and 85 German investigators, moved into the camp at about 6:30 a. m.

A loudspeaker announcement informed the displaced persons that a "black market" raid was in progress and instructed them to allow the police to enter homes which comprise the camp on the outskirts of this city.

The German police, however, were met by a shower of bricks and bottles as they tried to carry out the search.

They said they opened fire after they had been fired on by a sniper, military government officials asserted, and the Jewish displaced person was slain.

Richmond, Va., March 29.—(P)—Governor Tuck today drafted approximately 1,500 production and maintenance workers of the Virginia Electric and Power Company into the state's unorganized militia and placed them under military law, subject to court martial if they refuse to work for the commonwealth in the event of a strike.

The governor directed members of the Virginia State guard to serve on each officer and employee of the power company under the age of 55 a "notice of draft order to report."

Approximately 2,500 members of the State Guard began serving the orders on VEPCO workers at 9 a. m. today. Copies were placed in their hands at emergency meetings in armories and schools in various parts of the state last night.

Food Rations For Germans Lowered

Berlin, March 29.—(P)—Lt. Gen. Lucius D. Clay, deputy military governor of the American zone, announced today that food rations for Germans would be cut 20 per cent as of April 1, thus reducing the daily ration from 1,550 calories to 1,275. The ration has been lowered in the British sector to 1,012 calories.

Clay announced the planned reduction to the minister presidents of Bavaria, Wuertemberg-Baden and Greater Hesse, at Stuttgart.

Clay said the war department was making 15,000 tons of wheat available from U. S. crops during April, May and June and stated that additional shipments after that will be necessary if the new lowered scale is to be maintained.

Black Market Raid Staged At Stuttgart

Stuttgart, Germany, March 29.—(P)—One displaced Jew was killed, five were wounded and an American soldier and several German policemen were injured today in violent rioting which followed a black market raid on a displaced persons camp in Stuttgart's outskirts.

Two-hours of rioting erupted when German police, accompanied by a "token force" of U. S. military police, moved into the camp to search for counterfeit ration stamps. First reports indicated the raid was complicated when nearby American soldiers, who did not know the raid had official sanction, rushed to the aid of the displaced persons.

The riot ended only when American armored cars rolled into the camp.

Labor Department Working Against Time To Prevent a Soft Coal Shutdown Monday

Washington, March 29.—(P)—The National Coal Association said today there was no prospect of an agreement in time to "avert a strike" of John L. Lewis' 400,000 soft coal miners at midnight Sunday.

Lewis, president of the United Mine Workers, has served notice that the miners will not work after Sunday without a contract.

The coal association's executive secretary, John D. Battle, accused Lewis in a statement of making "no effort to reach an (contract) agreement, but every effort to prevent an agreement any time soon."

Battle said Lewis was only going through the motions of collective bargaining and had rebuffed an offer of the mine operators which follow "the wage pattern already set in the steel, oil and automotive industries."

The association's comments on the negotiations, which have been under way since March 12, came at a time when the government was stepping up its efforts to avert a strike.

Lewis has put the health and welfare fund—supported by a royalty on each ton of coal—at the top of the nine demands he made in negotiations on a new bituminous contract.

Battle said that should Lewis "succeed in fastening" such a royalty on the industry, "he will be a dictator more powerful than any America has yet known."

The labor department's efforts were given new urgency by the statement of Civilian Production Administrator John D. Small that speedy solution of the coal controversy should determine whether the nation had reached "a real turning point" in its reconversion battle.

Assistant Secretary of Labor John W. Gibson stepped into the coal parley officially yesterday afternoon. After an hour's conference with industry representatives, he disclosed he already had held a similar conference with UMW Chief John L. Lewis.

Gibson refused to discuss proposals, describing the sessions merely as "exploratory." He said he will confer with Secretary of Labor Schwellenbach on the situation and arrange further meetings with Lewis and the operators.

Shortly before his meeting with the mine owners, the interior department ordered coal production "frozen" at the mines. The order prohibited coal shipments as of 12:01 a. m. today without government approval.

The deadlocked coal negotiations have been under way since March 12. Lewis has insisted that his 400,000 miners would refuse to work unless the operators agreed to the UMW demands for creation of a health and welfare fund, to be raised by a special "royalty" on each ton of coal produced.

The operators balked at this demand and Lewis countered by refusing to discuss the other major issues of wages and hours until the welfare fund question is settled.

In addition to "freezing" coal supplies and restricting shipments, Solid Fuels Administrator J. A. Krug likewise clamped down on retail coal deliveries, effective simultaneously with the "holiday" deadline at 12:01 a. m. Monday.

Krug cautioned soft coal consumers to take immediate conservation measures to stretch available supplies. The emergency orders, he explained, make provisions only for "the most desperate case for a short time."

After the "freeze" becomes effective, retail dealers and dock operators may deliver only to four groups of consumers: Gas plants and hospitals having less than 10 days coal supply on hand; industrial consumers with less than 5 days; and householders with less than 10 days supply.

Pittsburgh, March 29.—(P)—Members of the mine supervisors' union have received orders from leaders they are to continue working if coal miners walk out Sunday night.

MOSCOW AND TEHRAN MAY BE PRESENTED THREE SPECIFIC QUESTIONS BEARING ON CASE

BULLETIN

New York, March 29.—(P)—Members of the United Nations Security Council scheduled another secret meeting today in advance of their announced public session, reportedly to perfect plans for a direct request to Moscow and Tehran for information on the Iranian situation.

New York, March 29.—(P)—A majority of the United Nations Security Council, with considerable leadership from Secretary of State Byrnes, drove toward a showdown with Russia today over her refusal to take part in discussion of the Iranian case.

As the council scheduled another public meeting on the case, having decided to go ahead without Russia, there were authoritative predictions that it would adopt a plan calling for submission to both Moscow and Tehran of three specific questions bearing on current negotiations between them and on the withdrawal of Russian troops from Iran.

Replies would be requested by early next week, probably Tuesday or Wednesday, after which the council might proceed with or without the answers. The question procedure won informal majority support at a closed session of the council late yesterday, according to persons familiar with the discussions at that meeting.

Among top delegates there was some hope the Soviet government would find this, or some other method, as a graceful way out of the situation created by Ambassador Andrei Gromyko's Moscow-directed absence from two council sessions.

Whether Gromyko would attend today's session was still a matter of doubt. When the Russian delegate left his hotel this morning he said he was undecided whether he would be present when the council convened.

When a newsman asked him, "would you say you are not going?" he replied:

"I don't know."

Asked why he stayed away from yesterday's executive session after previously announcing he would attend, Gromyko said:

"I did not say yes."

Gromyko, after many false alarms, and after one excursion around town in his official limousine, failed to show up for yesterday's session. Reporters who checked him out at the Russian consulate heard him say that he "definitely would" attend. At U. N. headquarters Secretary General Trygve Lie said no, he didn't think any Soviet representative would be there.

Shortly after the scheduled hour, 4 p. m. Gromyko's car, containing him and an adviser, Dr. Boris Stein, was seen to pass by 610 Fifth Avenue where other council members were gathering in a United Nations conference room. About 4:30 Gromyko returned to his apartment.

Roller Crashes Into Mercer Building

Mercer, March 29.—(P)—Running out of control down a steep hill near the business district, an 11-ton road roller crashed into the Patterson Lumber Company building today and seriously injured the driver.

The driver, Earl Holmes of Stoneboro, was taken to Mercer Cottage Hospital. Full extent of his injuries was not immediately determined.

State police reported the gasoline-powered vehicle rolled two blocks down East Market street hill, demolished one side of the lumber office and plunged through to the basement. The office interior and the basement were badly damaged.

Holmes, an employee of the state highway department, was driving the roller from the department's garage to the railroad station preparatory to its shipment to Springfield, O., for repairs.

Peron Certain Of Winning Election

Buenos Aires, March 29.—(P)—Col. Juan D. Peron, Argentina's newly-elected president, was expected by political observers today to establish a powerful central government to carry out an ambitious program to keep pace with what he calls a "triumphant social revolution."

The Argentine strong man, whose victory in the presidential race became a certainty last night with the capture of the federal capital's 68 electoral votes, was expected to encounter little opposition in legalizing the planks of his campaign platform, including nationalization of certain public services, agrarian reforms and price-fixing.

His election constituted a diplomatic rebuff for the United States, which issued a blue book only a few days before the Argentine election, February 24, in which it accused Peron of conspiring to aid the Nazis, charges which Peron vehemently denied.

Will Ask \$35,000,000 For Building Kinzua Flood Dam

In this morning's Post Gazette, River Editor George Zerr presents a story of interest to all residents of this city relative to the proposed Allegheny River Flood Control reservoir at Kinzua. An appropriation of \$35,000,000 will be asked for on April 10th at hearing to be held in Washington, D. C. before the flood control commission.

The article follows: Congressional authorization for \$150,000,000 worth of additional flood control reservoirs and flood walls for the Ohio river valley will be asked April 10 in a hearing before the House Flood Control Committee in Washington, according to a statement by Lieutenant Colonel James S. Barko, executive officer to the district engineer here.

Colonel B. C. Dunn, division engineer for the Ohio River Basin, disclosed that the list for which appropriations would be sought later includes projects ranging from \$200,000 for walls and levees to a \$25,000,000 reservoir on the Green river at Mining City, Ky.

More than \$300,000,000 already has been spent or is being expended on part of the projects included in the comprehensive flood control plan adopted by Congress after the disastrous floods of the Ohio river and its tributaries in 1936 and 1937.

Colonel Dunn stated that work has been resumed on a number of projects suspended during the war, while new construction is about to get under way on others. He is expected to attend the hearing with General R. A. Wheeler, chief of engineers, and his assistant, General R. C. Crawford.

Projects in this district with approximate costs as estimated in the 1944 annual report of the chief of engineers, which may be constructed if additional authorization is secured, include:

Eagle Creek reservoir, Mahoning river, Ohio, \$4,000,000; Shenango river, \$7,000,000; Dillonvale, Adent flood wall, Short Creek, \$185,000; Allegheny river reservoir above Warren, \$35,000,000.

Star Witness In Erie Murder Trial Was Questioned Here

Eleanor Violet Tarbell, star witness in the murder trial in which Mike Bubna, Millie Thomas and Mike Dominic are charged with the murder of Robert Fischer, whose body was found covered with leaves near the Erie Golf Club, was questioned in the Warren county jail. She was removed here and kept incommunicado for several days during which Sgt. Schauer, of the Pennsylvania state police spent hours grilling her. It was decided to bring her to Warren so that Millie Thomas could have no opportunity of talking to her and intimidating the girl.

The Tarbell girl, 22 years of age, is a comely girl who has been going with several of the men in the case and evidently had more than

passing knowledge of the transactions of Erie's underworld.

The hearing held in Erie Wednesday in which formal charges of murder were made against Bubna, Millie Thomas and Dominic. The Tarbell girl was the star witness and her testimony was such that it further implicated Bubna and Millie Thomas but she spared Dominic, her boy friend, with who she ran away to Florida.

The girl made a good witness and she told of being at the Budna house all day on the day of the murder and of being put in a bedroom and locked in while the murder took place. In the Warren county jail she was a quiet, pleasant prisoner and gave no trouble during all the days she was kept in the woman's department before being taken back to Erie to get her story at the preliminary hearing.

Contract Let For Erection Of Dairy Plant

The Roselake Dairies, Inc., of Bear Lake have let the contract for the erection of their building at Akeley to Scalisi Brothers, contractors of Jamestown. It is expected that work will be started in the near future and rushed to completion. Seventy days has been set as the contract time pending government restrictions and availability of materials.

The new plant will be modern in every way equipped with the latest appliances and will afford an outlet for the milk produced in the Akeley area. A meeting of the dairymen of the Akeley district will be called soon to discuss plans with the producers and all dairymen interested will be invited to attend.

The Akeley plant will be known as the Roselake Dairies, Inc., Akeley plant.

CIVIC CLUB MEETING
Members of North Warren Civic Club will hold their regular meeting at 8 p. m. Monday and all are asked to be on hand.

PRICES ARE RAISED
In a notice to the public today the Warren barbers have increased the cost of hair cutting from 65c to 75 cents while shaving will cost 40 cents in the future. Undoubtedly some of the boys after April 1st, will be seen luging violin cases as they tour the city trying to make folks believe they are musicians with shaggy locks.

ARE MAKING PROGRESS
Work of the special committee on housing of the Warren Chamber of Commerce is going forward in a most satisfactory manner. Many angles of the situation have been given attention and it is expected that an important announcement that will be most pleasant will be made inside of the next fortnight.

NEW BARRACKS
Warren's State Police contingent will move over the weekend to its new station at 408 Market street, the former Levi Smith property, and will be established there for business on Monday morning. The regular Wednesday driver's examinations will be given at the new location on April 8, from 10 a. m. to 3 p. m.

CONTRACT AWARDED
The contract for the erection of the new building in Times Square by Peter Kasper has been let to Amundson, of Sheffield. The firm is a reliable one and has handled many large jobs in this section. Work was started this morning and will be rushed to completion. The building will be of cement block and steel beams. No delay is anticipated. Announcement was made today that the new Kaiser-Frazer automobiles which will be handled in the sales room of Hanna and Frost will be available by mid-summer.

IS GIVEN WELCOME
Times Square extended a cordial welcome today to its newest business establishment, the Virg-Ann Flower Shop, opened in the Beckley building and visited by hundreds all of whom received a floral souvenir from the proprietors. Window displays had been planned to catch the eye and combined flowers and holders in attractive combination. Those who have put off their shopping until tomorrow will find the welcome mat still out and are extended a cordial welcome to come in and get acquainted.

Fire Sweeps Reservation at Cornplanter

Fire started when Indians of the Cornplanter Reservation endeavored to clean up the grounds about the Cornplanter monument and cemetery yesterday got away and burned over 25 acres. The flames raced through the reservation lands and up a hillside. The fire crews had quite a battle knocking down the fire.

At Smith's Corners another brush fire got away and licked about the walls of the Miller cottage before they were stopped. Three and one-half acres were burned off before the fire was stopped.

On Morrison Hill in Deerfield township another brush burning project resulted in a fire that swept over five acres before it was halted. This fire blazed high and poured upward huge volumes of smoke.

In Forest county two fires were battled yesterday, one of them was on Pithole Creek in Harmony township. Two transients are blamed for starting this fire. The second Forest county fire took place at a spot along the Allegheny river above the county home. Fishermen are blamed for this fire which covered four acres.

New Steam Generating Plant of Penelec

Pictured above is the architect's drawing of the new \$4,000,000 Warren steam plant, now under construction one-half mile west of the city. The plant is being built in order to boost the electrical power in this section and increase the voltage throughout the system. The entire Warren area will be entirely self-sufficient for its electrical power when the plant is completed in 1947.

Preliminary Work Under Way For New \$4,000,000 Plant

Foster H. Berkebile, of Johnstown, one of the partners of the firm of Berkebile Brothers, holders of the contract for the erection of the main building at the new Penelec Steam Generating plant, at Starbrick spent yesterday in the city. Mr. Berkebile during his stay here did considerable preliminary work with a view of soon getting men and material moved onto the site of the new plant and upon which work will be rushed with all possible speed.

The site of the new plant is of 100 acres purchased by the Penelec from the Warren School District some months ago. It is level river bottom land and will afford an admirable site. The main building of the big plant will be of brick construction and a highly attractive structure. Designed by the Gilbert Associates it will be modern in every detail and the whole plant will be of the stream line variety eliminating all unnecessary duplication in the handling of materials. The immense generators and boilers have been ordered for some time and will be ready for installation when the plant is completed.

The boilers will be of the new vertical type generating the most power with a minimum of fuel. Coal will be used for fuel at the plant and the switches from the Pennsylvania railroad will be so arranged that the filled cars can be shut into position, emptied and back on the switch in a minimum of time.

The generation of power at the plant will require the use of a huge amount of water from the river and an intake system will be put in and an outlet pipe will also be arranged.

Much work has already been done on the site of the plant. A new road has been graded into the site and several large temporary buildings for the housing of the engineers and contractors offices. The switch has also been put in place and this required an immense amount of grading which was done by a Corry contractor.

Much grading has also been done on the ground whereon the main building will be located. Excavating for the foundation of the building has also been under way and the first lift has progressed satisfactorily.

When completed the plant will be one of the finest in the country and will afford employment to 40 men when completed. A power line from Warren to Bradford to carry electricity into the Bradford area will also be constructed and surveys are being made at present for this line.

YOUNGSVILLE NEWS

Youngsville, March 28—Youngsville churches are planning union Holy Week services. The services will open at 7:30 Tuesday evening April 16th in the Saron Lutheran church with the speaker Rev. E. W. Chitester and Rev. E. W. Carlson, the pastor in charge.

The final service of Holy Week will be Friday April 19th when a three hour service will be held in the U. B. church. Final arrangements for this service will be made at this week's local ministerial meeting.

Herbert Maasz is now having extensive work done on the Nutting home on West Main street which Mr. and Mrs. Maasz recently purchased and are having now remodeled into a two apartment house.

The Methodist church remodeling plans are now being held up for a shortage in material and labor. The new organ has been ordered but not yet secured. However several class rooms in the church have been repainted and more paint is now available for the work which is being done by Methodist men with Charles Spencer in charge. Two rooms at the Methodist parsonage have been papered and interior painting is being done.

Ralph Henry Knapp, son of Mr.

and Mrs. John Knapp, is celebrating his first birthday Thursday (today). A family dinner party marks the event.

Rev. E. W. Chitester and a group of Methodist men attended Tuesday the Brotherhood rally at Lettsville. The church ladies provided a delicious fresh pork dinner. Rev. Ralph Tidmarsh, secretary of the Erie conference board of education gave an excellent address. The next Brotherhood get-together will be at the Russell church Tuesday April 30th.

Mrs. Monroe Blodgett and sons and Mrs. John Blodgett of Sheffield were Monday visitors at the home of Rev. and Mrs. Chitester.

Connie Sue and Bonine Lou are the names given to the recently arrived twin daughters of Mr. and Mrs. Carl Anderson. The babies grandparents are Mr. and Mrs. Fred Beckenbach and Mr. and Mrs. C. E. Anderson. The babies weighed 6 pounds 11 oz. and 5 pounds, 3 oz.

Mr. and Mrs. Al Thatcher are among the arrivals back from Florida.

EASTER SEAL SALE

In connection with the annual Easter Seal Sale which is under way at the present time it is interesting to note that the local Crippled Children's Committee has cared for 1,600 patients in the county since it was organized twenty years ago.

The sponsoring agencies for the Committee are the Rotary Club, Kiwanis Club, Lions Club, Zonta Club, American Red Cross, Warren General Hospital, Warren Visiting Nurses' Association Children's Aid Society and Warren County Medical Society.

Many will be surprised to learn that sixty of the boys and girls who were aided by the committee served in the Armed Forces in World War II.

The present campaign for funds is being made by mail and all subscribers are urged to send in their contributions as early as possible.

It should be understood that the Society for Crippled Children and affiliated units form a charitable organization that cooperates with, but does not duplicate the work of private agencies. The Society provides aid to thousands of crippled persons whose needs are not provided for by specific charities.

The Pennsylvania Society, founded in 1923, and its county units this year distributed 69,000,000 silver-edged Easter Sales in a direct mail appeal to 690,000 residents of the state.

The Pennsylvania Society and its affiliated Societies for Crippled Children, active in 47 counties of the state, rely on funds raised in the annual seal sale campaign to carry on the work of care, education, and rehabilitation among thousands of Pennsylvania's 25,000 crippled children and additional thousands of physically handicapped adults.

The campaign period in this state coincides with that of Societies for Crippled Children in 42 other states, all affiliated with the National Society for Crippled Children and Adults, which this year is observing its silver anniversary, marking 25 years of leadership in work for the physically handicapped.

Two more days remain during which car owners may operate motorvehicles with 1945 license plates. Approximately 2,200,000 renewal applications have been mailed out by the Bureau of Motor Vehicles. The present tags expire at midnight, March 31, and there will be no extension.

Benches are making their appearance, now that all borough parks are in prime condition and provide a real inviting background to spring.

Looks like the coal strike will come Sunday night. Oh, well, at least the Weatherman is cooperating.

There'll be plenty use this summer and fall for all food you can raise. Better start a Victory Garden.

Judging from the metal fasteners on the spring dresses, we're all set for a nation-wide hookup.

Gags are what people who are always pulling them need.

Plan to go to church Sunday.

LENTEN SERMONETTE

By THE REV. MARSHALL J. McCLEERY
First Free Methodist Church, Warren

"Now he which establisheth us with you in Christ, and hath anointed us, is God: who hath also sealed us and given the earnest of the spirit in our hearts."—2 Corinthians 1:21, 22.

Oil is an emblem of the Holy Spirit. Bishop Wilson T. Hogue says: "No other emblem employed in the Scripture to represent the Holy Spirit is more beautifully appropriate to its design than that of oil. Soothing, healing, quieting, beautifying, consecrating, it admirably symbolizes the virtues of the Divine Comforter as realized in the hearts of all to whom He is given."

As oil was used under the old dispensation to set apart objects and persons for sacred uses, so, under the dispensation of the Holy Spirit, His anointing is to set us apart for service for Him. "I beseech you, therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy acceptable unto God, which is your reasonable service."

Every Christian needs and can have the anointing of the Divine Comforter which the Master went away to give (John 16:7), for this is essential to enable us to serve as we should. At the beginning of Jesus' ministry in Nazareth he quoted these words about Himself from Isaiah: "The spirit of the Lord God is upon me because the Lord hath anointed me to preach good tidings unto the meek, he hath sent me to bind up the brokenhearted to preach deliverance to the captives."

Don't Strain That Safety Belt Too Much, Sir!

What It Means

By J. FRANK TRAGLE

WASHINGTON — There's little argument that Russia is throwing its weight around in Iran. But there's disagreement as to why the Soviet is doing it.

Two reasons often mentioned by observers are:

1. Oil.

2. A warm water outlet to the sea via the Persian Gulf and the Red Sea.

It's beyond dispute that Russia is without a warm water port. But what of oil?

Russian Statistics Secret

Up-to-date figures on Russian petroleum production have not been made public by the USSR. But last November the Petroleum Administration for War (PAW) provided some estimates. It listed Russian production in 1940 at approximately 600,000 barrels daily. This figure corresponds with the 1940 total mentioned by Premier Stalin in his election speech of last month—31,000,000 tons.

In 1944, PAW's latest estimate, Russian petroleum production was roughly 750,000 barrels daily.

Using PAW figures, petroleum production in the Middle East (Iran, Iraq and Saudi Arabia) was nearly 1,300,000 barrels daily in 1940 and about 1,450,000 barrels daily in 1944.

From the production point of view, therefore, Russia's output was about half that of her little Middle East neighbors to the south.

What Stalin Said

Russia's ambitious industrial plans for the future call for greatly increased petroleum supplies. Stalin told the Russians in his speech that the USSR goal is 60,000,000 tons—almost twice the 1940 figure. He said this might not be realized for 15 years or longer. But he was confident, he said, it would be achieved.

One way of achieving part of this program, of course, would be to obtain petroleum concessions from Iran similar to those enjoyed here by the British. But a glance at a map of possible petroleum sources gives a strong hint that

Russia's future petroleum wealth lies right in her own back yard.

How Oil Men See It

Oil men look to the future in two ways:

1. Proven petroleum reserves. These are reserves that are known to exist because wells have been sunk and oil has been extracted.

2. Petroleum possibilities. These are hunches based on geological studies. No wells have been drilled. But the earth's composition is such as to indicate the presence of petroleum.

PAW listed the proven reserves, as of Jan. 1, 1944, as follows:

The United States, 20,000,000,000 barrels; Middle East, 15,700,000,000; South America, 6,700,000,000; Russia, 5,700,000,000; Far East, 1,000,000,000; Europe, 630,000,000.

This places Russia fourth in proven reserves. But the picture is a somewhat distorted one from a long-range view. It's distorted because very few test (wildcat) wells have been sunk in the USSR compared with extensive drilling elsewhere.

Russia's Potential Wealth

It's when one turns to a consideration of petroleum possibilities that Russia's potential wealth becomes most impressive. Areas listed by PAW as "most favorable" and "possible" extend almost from end to end and top to bottom of that vast nation, with the exception of the extreme eastern section. And more of it is "most favorable" than "possible."

"The comparable area of the Middle East is as a lake placed beside an ocean. The United States potential is small in comparison.

Potentially, therefore, Russia is the greatest of petroleum producing nations. An Iranian concession would be of immediate help because many Russian wells and refineries were damaged by the Germans. But no such concession, based on potential reserves, is necessary to insure Russia's industrial future.

A warm water port, however, is another matter. Russia hasn't one of those in her own back yard.

ALL OUT FOR THE BOYS' CLUBS

By
Booth Tarkington

No one quite understands boys and what makes them tick like Booth Tarkington. His story SEVENTEEN has been read and re-read by young and old alike.

After a war, as after a violent storm at sea, tumultuous heavings do not at once subside. Rather, they seem to be greater and more confusing. Unsalvageable wreckage and irreparable loss become more grimly apparent, as the slacked winds permit us to look about; and hearts that haven't dreamed of faltering while the typhoon raged now lose beats. So today many Americans, dismayed by the magnitude of damage done, are giving way to the all too human temptation to babble of "problems" vast beyond any individual's solving instead of setting to work upon constructive good plainly at hand.

One of the manifest goods, tried and proven successful in the highest sense of the word success, that waits in complete and unproblematical readiness for help from every American who loves his country and his kind is an organization called THE BOYS' CLUBS OF AMERICA.

The first Boys' Club was founded in 1860. In 1906 a small group of men, without financial resources, gathered in Boston and formed the National Boys' Club movement. From that small beginning, the Boys' Clubs of America came into being. From a few struggling Boys' Clubs, the movement has spread until today it serves over a quarter-million boy members throughout the length and breadth of our land. Wherever the Boys' Club goes, it is noticeable that the rising tide of juvenile delinquency abates. For example in Detroit where delinquency, in the area served by the Detroit Boys' Club, lessened 87

percent between 1932 and 1944. With this kind of record, no community can afford to be without a Boys' Club.

But a Boys' Club does more than prevent delinquency. It constructs and builds good citizens. Boys' Clubs have produced men of leadership in their communities. There are great editors, sculptors, doctors, actors and businessmen who have come up this ladder of success. The feet of thousands of boys have been set on the road of American opportunity in the game rooms, gymnasiums, club libraries and craft rooms of the Boys' Clubs. There would be a Boys' Club in every city and town in the United States if the citizens just understood their real value.

There are people who don't like boys. Perhaps this is because the boy "repeats the history of the race" so transparently and so vigorously that the weary snobishness some of us adults have acquired throughout the years is affronted. We'd rather not have it made so plain that our own ancestry is not and never was correct, harmless and of virtue all composed. It is to the simple selfish interest of such adults to support the Boys' Clubs, to give the boys a place of their own where the energies that so trouble our over-refined nerves can be expended out of our hearing, so to speak. Those of us who do like boys will support the Boys' Clubs enthusiastically and without urging, for if you like boys you naturally want them to have fun and to grow in strength and happiness, toward the sun, not away from light.

Thus logic would seem irrefutably to demand support for the Boys' Clubs of America from those who like boys and from those who don't. That is, from everyone.

Sheffield Civic Group Names Its Officers

Sheffield, March 27.—On Sunday evening, March 24, at 8:00 o'clock all members of the Board of Directors of the Civic Association met for the first time. The need of immediate and definite organization was felt to be the most important item of business. The following officers were elected: Mr. Laurence Miley, chairman; Mrs. William Gallagher, vice chairman; Miss Mary J. Richwalski, secretary; Mr. Roy Carlson, assistant secretary and treasurer.

The offer which was made by the Penna. Bottle Company was accepted. Three members of the board were appointed as trustees of the organization to accept the title of the land designated by the deed as the site for the recreational area. These trustees are: Emil Stanat, Adrian Daniels, and Arthur Boardman.

Since general opinion is such that action be taken as soon as possible, Chairman Miley is busy

WASHINGTON DAYBOOK

by Jack Stinnett

WASHINGTON — This is Congressional election year. Thousands of men and women all over the country who never have been in Congress will be angling for those 435 House seats. Have they any idea what they are getting into? Do you really have any idea what their qualifications should be?

Seven years ago, Rep. Luther Patrick, Birmingham, Ala., wit, lawyer, writer, radio commentator, lodge member and four-term House Democrat, listed ten rules of conduct and necessary qualifications for members of Congress. With a few cuts for brevity and modernity, here they are:

1. Entertain with a smile constituents, their wives, their sons, sons' wives, etc. Go with them to the White House and have ready a good reason why you are unable to have them meet the President; take daughters to meet midshipmen at Annapolis.
2. Explain what bill is up for debate, points of discussion, how it will be passed, how you will vote, and why.
3. Attend to balcony and point out Speaker Rayburn, Leaders McCormick and Martin, John Rankin, Dewey Short and Mrs. Clara Booth Luce and all the other lady members of the House.
4. Respond to all worthy causes, make after-dinner speeches, before-dinner speeches, learn to eat everything, anywhere, any night—work all day, dictate all night and be fresh as a rain-washed daisy for next day's duties.
5. Be a cultured gentleman, a teller of ribald stories, a profound philosopher, a gagster, be a ladies' man, a man's man, a he-man, a diplomat, a Democrat with a Republican slant, a Republican with a Democratic viewpoint, a hater of the New Deal, a New Dealer, an old dealer and a quick dealer.
6. Learn how to attend six to eight major functions (back home), rushing home and back during each term on one round-trip travel pay.
7. Have the dope on hot spots in town, with choice telephone numbers for the gay boys from back home; and help to contact local moral organizations and uplift societies with offices in Washington.
8. Learn to be an expert guide. Keep your car in tip-top shape.
9. Know the names and dates related to all public buildings and statuary about Washington.
10. Be an authority on history, travel, psychology, philosophy, education, economics, physics, civics, finance, export trade, government printing, international relations, neckties and fishing tackle.

Explaining that he made no pretense to being all these things, Rep. Patrick concluded:

"A congressman has become an expanded messenger, an employment agency, a get-together of the Army, Navy, Marines, ward healer, wound healer, trouble shooter, law explainer . . . financial wet nurse, cornerstone layer and bridge dedicator.

"And find time to properly study legislation—the real business we are here to discharge."

FOR MISERY DUE TO NASAL CONGESTION

Supply Rushed Here—Sufferers Rejoice

Relief at last from the torture of sinus trouble, catarrh, and hay fever due to nasal congestion is seen today in reports of success with a formula which has the power to reduce nasal congestion. Men and women who suffered with agonizing sinus headaches, clogged nostrils, ringing ears, hawking and sneezing misery now tell of blessed relief after using Dr. Kloronol.

Kloronol costs \$3.00, but considering results experienced by users, this is not expensive and amounts to only a few pennies per dose. Kloronol (caution, use only as directed) is sold with strict moneyback guarantee by Harvey & Carey and Mullen's Drug Stores—Mail Orders Filled.

by Lt. Dick Becker

Q. Do servicemen still get reduced railroad rates (A sailor)?
A. Yes, when on furlough all servicemen and servicewomen get reduced coach rates of approximately 1 1/2¢ per mile for round trip tickets.

Q. What awards given for distinguished service pay an Army Enlisted Man two dollars per month extra? (T. O. R.)
A. There are five awards given in the Army that increase an FM pay \$2.00 per month. They are: Medal of Honor, Distinguished Service Cross, Distinguished Flying Cross and the Soldiers Medal.

Q. What is the additional pay given to parachutists? (W. M.)
A. Officers receive additional pay at the rate of \$100.00 per month and enlisted men at the rate of \$50.00 per month for parachute duty.

An invitation is extended to the community, to attend this service. A silver offering will be taken, following program refreshments will be served by the class members.

WOMAN'S CLUB

The Woman's Club will celebrate April Fool's Day at its meeting Monday evening. The committee is planning a hilarious surprise. The meeting will be at the home of Mrs. John Cochran, Cray avenue. The Progressive Club will have their meeting at the home of Mrs. Paul Johnson, Church street.

HOMEBUILDERS

Twenty-three members of the Homebuilders class met Tuesday evening at the home of Mrs. Claude Landers, Pickering street. The members were arranged in three groups, the captains were Mrs. Eisenhauer, Mrs. Wayne Chamberlain, and Miss Eva Brown. These groups sang and Mrs. Chamberlain's group received the prize. Other guests, Mrs. Secor and Mrs. Bowser were awarded prizes. Mrs. Gertrude Brown presided at the business session, members were asked to contribute a dollar to the treasury. Mrs. S. E. Robison conducted the devotionals. The entertainment committee were Mrs. A. M. Gibson, Mrs. Secor and Mrs. Dalton. Assisting the hostess were Mrs. McCaskey, Mrs. Della Carr, and Mrs. Perry. The April meeting will be held at the home of Miss Eva Brown.

Betty Lee Is Prepared To Service Your Fur Coat

STORAGE

Every Betty Lee storage coat is placed in a dry air cold storage vault approved by the American Institute of Refrigeration . . . where it will be guarded from moth, fire and theft. You can have this protection for your furs at 3% of your valuation, with a minimum of \$100. (Even if your coat is worth more, but you carry insurance on it, you can store it for the minimum amount.)

HOLLANDERIZING

Hollanderizing is the fur coat cleaning service provided by Hollander . . . the world's largest fur handlers . . . in which your furs are revolved in sawdust-filled drums to remove the dirt, compressed air removes the sawdust and fluffs up the fur, then your furs are glazed and the lining sponged. This is the exact procedure that Hollander uses on new furs. Most popular furs can be Hollanderized for \$7.50.

First Methodist WSCS Is Planning Musicales and Tea

Members of First Methodist WSCS, holding their regular meeting in the church last evening, made preliminary plans for a musicale-tea to be held early in May, with artists from Jamestown presenting the program, and proceeds to go toward the purchase of a movie machine for the church. Mrs. E. H. Trushel will be committee chairman for the event, with Mrs. George Muir and Miss Ida McKinney.

The meeting followed dinner served at 6:30 o'clock at a table set with pussy willows, forsythia and candles. Mrs. Gilbert Loree headed the following committee for the event: Mrs. C. A. Babcock, Mrs. E. S. Briggs, Grace Campbell, Mrs. Arthur Chapman, Mrs. S. E. Saylor.

Mrs. H. G. Andrews, president, opened the meeting with prayer, followed by a worship service conducted by Mrs. O. J. Groves and based on the theme "Fruit of the Spirit".

After the business session, Pearl Lund presented the program topic, "South America", with the following participating: Marie Gutzler, Mrs. David Skillman, Mrs. Edward Hall, Inez Leake, Mrs. E. S. Africa, Mae Wickizer, Mrs. Arthur Chapman, Mrs. Daisy Branch and Mrs. Warren Miller.

Announcement was made that at the next meeting the guest speaker will be Mrs. Retta Wilson, of Union City, returned missionary from India.

Final Report On 1946 Polio Funds

Seventeen members and one guest attended the regular dinner-meeting of Zonta Club, held last evening at the YWCA activities building. Dinner was served at a table attractively arranged with violet sweet peas, smilax and candles.

The business session which followed was conducted by President Ann McGary, with a fine report presented on the club-sponsored 1946 March of Dimes. It was shown the full amount collected in Warren county during the campaign totaled \$3,210.63. The county's share of monies collected in the theatres amounted to \$730.23, making the final amount for the county's share \$1,605.31.

For the evening's program, Mrs. W. E. Lutz gave a delightful review of "The Friendly Persuasion", a Quaker story well told and well presented by the reviewer.

Next regular meeting of club members will be a luncheon-session at the YWCA on April 11.

Evening of Plays

A varied program, including four different types of dramatic offerings, will be given by Girl Scout Troop 41-B for its "evening of plays" at First Presbyterian church at seven o'clock this evening. Direction by Mrs. Harry R. Lewis guarantees an enjoyable and artistic performance in well-selected vehicles. The public is cordially invited and a special invitation is extended to all Girl Scouts and their leaders. The evening's program will open with "The Three Aunts", a Norwegian legend, in which Nan Hetherington, Diantha Chesnutt, Elizabeth Eddy, Joan Gnagey and Norma Jean Ansell will be the players. "The Girl Who Used Her Wits", a Chinese legend, will be given by Anne Bannon, Dawn Taft, Marilyn Mid-daugh and Beth Calderwood. "O Soldier, Soldier", an American ballad, is to be presented by Mary Elliott, Meg Lewis and Jane Hill, with Barbara Lundahl playing the flute and Sally Irvine the drum. Choral speech, a less familiar medium of dramatic expression, will be demonstrated in two poems, "An Indian Lullaby" and "Salaam Alaikum", in which all the troop will take part.

Mrs. Don Taft, Mrs. H. K. Ansell and Mrs. Kenneth Mid-daugh are leaders of Troop 41-B, which is sponsored by the Spinster Class of First Presbyterian church.

Warren Family Off Saturday For New Home At Mooseheart

Tomorrow morning cars driven by members of the Warren Lodge of Moose will roll out for Mooseheart, Ill., with Mrs. Hollis Casperson Zohriest and her six children, Margaret Ann, 15; Roberta Hollis, 12; Marilyn Louise, 10; Joan Eleanor, 9; George John, 8 and Susan Carol, 6. They will make their future home at Mooseheart the great Child City conducted by the Lodge of Moose, of which the husband and father, George Zohriest was a member.

Mr. Zohriest was killed in an accident involving a truck near Irvine about two years ago. At that time the Moose Lodge assisted with its funeral benefits and has been a great help to the family. The children will be taught full high school courses, a trade and an art at Mooseheart and will have the advantage of having their own mother with them in aid in guiding their footsteps. Application was made for places at Mooseheart for the family some time ago by Sec. Walter T. Kiser, of the Warren Lodge and in spite of the fact that the influx of new children due to the war casualties the application was accepted.

The children for some days were worried for fear they could not take their toys with them to Mooseheart but a reassuring letter from the superintendent of the home told them to "bring what you wish" dissipated worries and they have packed boxes with their cherished possessions.

Mooseheart is now undergoing an extensive building operation with 20 new cottages, extensive farm building program and a new Temple of God in which both the Protestant and Catholic services are to be held.

It is a wonderful opportunity for the family and once again draws attention to the splendid work which is being done by this great fraternal order.

McKenney On Bridge

IF DOUBLED, PLAY
FIRST FOR CONTACT

By WILLIAM E. MCKENNEY
America's Card Authority

Today's hand is a little problem to sharpen your wits on the play of the hand. If I showed you the East and West hands, you would have no problem to make the contract.

What should declarer do after ruffing the opening spade lead in dummy? Give up the diamonds? Try the club finesse?

The correct play is to cash the ace and king of clubs. The suit may split, and if it does not, de-

clarer will find that he can cross-ruff the hand out for the balance of the tricks.

Remember that the rubber bridge, declarer is not interested in making six on this hand. He wants to make sure of his contract of five doubled.

SO-CALLED MAN'S STYLE QUESTIONED

By WILLIAM E. MCKENNEY
America's Card Authority

At a bridge tournament one often hears the remark that a certain good woman player plays "a man's style of game," meaning that she plays a type of game that is supposedly characteristic of men.

However, I do not think that this idea holds true. Carefulness is the thing that counts in the game, whether the player is a man or a woman.

At the Mid-South Tournament in Dallas, Tex., Elinor Murdoch of Birmingham, Ala., won the open team-of-four championship with Capt. William Christian, also of Birmingham, Payne Harrison of Dallas and Capt. Mark Hodges of Fort Worth. Texas. Back in 1934 Miss Murdoch won the world championship Masters Individual title.

While it has frequently been said that she plays a man's type of game, you may see from today's hand that carefulness makes her game what it is.

As the opening lead was obviously a singleton, Miss Murdoch knew that the heart finesse was out.

She won the first trick with the ace of hearts, took two rounds of trumps and then led the club from dummy. East won with the queen and returned the four of diamonds, declarer played low.

West won with the jack and played the king of diamonds.

Miss Murdoch won this with the ace, ruffed a club in dummy and led a diamond. East had to win the queen and was forced either to lead into the heart tenace or give Miss Murdoch a sluff and a ruff.

CORYDON

Corydon, March 25—Kinzua Lesh services are in progress at St. Luke's and Methodist churches convening throughout Easter Sunday, April 21. The following ministers assisted by the Rev. V. A. Oviatt, of the Corydon and Kinzua pastorates are taking active part. The Rev. B. M. Rutledge, Rev. Hubert E. Cobb and the Rev. Lloyd U. Monken.

The Ladies Aid Society gathering of the Corydon M. E. church met with Mrs. Nelson Crooks. The president Mrs. John K. Crooks, presided with Mrs. M. D. Gardner, secretary, reading the minutes.

There was a good turnout of members. An attractively presented supper luncheon concluded the affair. Rev. Oviatt, was present from Kinzua. Mrs. Lloyd Smith is the next hostess.

Mrs. C. F. Corbett, very pleasantly entertained members of the Wednesday Night Social Club. Following two tables of 500, refreshments were served. High card score token and also slam prize was awarded to Mrs. Bessie Burch, second high Mrs. Jessie Bennett.

Miss Jacqueline Baltz, daughter of Rev. Baltz, is flying from Cleveland, Ohio to Boston to spend a week with a friend, then plans coming down to Corydon to spend a week during revivals opening here in the near future.

Mr. and Mrs. George Akers, has arrived home after the winter season in Lakeland, Florida. They were accompanied here by Mr. and Mrs. George Lloyd, of Jackson, Michigan, enroute visiting relatives in Ohio.

Robert Rice, very recently promoted to Staff Sergeant and serving some time in France and other war theatres has been honorably discharged from the United States home by April first.

Sergeant Carl Lubach, recently stationed in Hawaii, has been here enjoying a furlough with his wife and son and local friends.

On Saturday Mr. and Mrs. John Schuler arrived here from Lakeland, Florida where they spent the winter. Mr. and Mrs. John Erickson, Miss Carrie Kraft and Mrs. Rubie Day, spending time in Avon Park, are expected to arrive during the first week in April.

Tom Anthony, left last Friday on a buying trip to Richmond, Virginia, expecting to arrive home the first of this week.

Mrs. George Lechner, is leaving Friday to spend the weekend with her daughter, Miss Bette Lechner, Cadet Nurse, now in training at Buffalo General Hospital.

YOU ARE WELCOME IN ANY OF WARREN'S CHURCHES SUNDAY

Warren Included In Spring Tour

Members and friends of St. Paul's Lutheran church have a treat in store on Sunday afternoon, when Gladys Grindelund, conductor, will present the 46 members of her Girls' Choir of Upsala College in a recital suited to the Lenten season. Only students from this section in the group are S. Linnea Johnson, Kane, and Jean E. Ankerberg, DuBois.

No tickets are sold for concerts given by the choir on this spring tour, and no offering will be asked. The series of appearances is arranged as a contribution by Up-

sala College to the centennial life and growth program of the Augustana Synod.

Miss Grindelund, director, has proved she "has what it takes" to bring a college to the foreground in musical activities. When she came to Upsala eight years ago, it was just "no soap" as far as getting men at the college interested in singing. "Not for a woman conductor," they protested. That was just too much of an innovation.

Gradually she won their confidence, however, and it didn't take long before the A Cappella Choir

began to make history for the school. In short order, choral singing became the most popular extra-curricular activity on the campus. With the A Cappella Choir a wartime casualty, the musical traditions of Upsala have been maintained by this Girls' Choir. This year is the last time the co-eds will tour alone, however, for the full choir is scheduled to return to the stage next season.

The choristers sang in New York's Town Hall last Saturday afternoon and have been invited to sing at a music festival to be held in Carnegie Hall in April.

Grace Methodist Sunday Services

"Habitual Christians" will be the subject at the Sunday morning service at Grace church. The choir, under the direction of Mrs. Edwin Jack, will sing "Listen to the Lambs" by Dett. Mrs. Roy Krebs will sing "If Christ Came Back," by O'Hara. Mrs. Warren Lowe and Mrs. Edward Place will be the accompanists.

The Youth Fellowship will meet for a social hour at six, to be followed by the regular devotional period at 6:30. Miss Donny Baird will play accordion selections for the social hour.

At the 7:30 evening service, Mrs. Carl Lindquist will sing "Hymn of the Last Supper" by Demarest. Miss Baird will play "Sabbath Echoes" by Grooms as a saxophone solo. The sermon subject will be "How We May Know Jesus Better."

Sunday Events In Sheffield - Ludlow

Rev. Hans Pearson reminds members of his Sheffield Lutheran parish that all are invited to attend the concert to be given in St. Paul's church in Warren at 8:30 p. m. Sunday by the Girls' Choir of Upsala College. Ludlow Lutherans have been extended a similar invitation by Tabor Lutheran church at Kane, for its concert at 8 p. m.

Other events in his two parishes are announced as follows: Bethany—Monday, 7:30 p. m., board of administration; Tuesday, 8 p. m., Loyalty Bible Class at the church, entertained by Alma and Mildred Johnson; Wednesday, 2:30 p. m.,

Women's Missionary Society, Thursday, 7:30 p. m., Lenten devotional sponsored by the Men's Brotherhood, the pastor speaking on "Jesus and the Forces of Evil"; Friday, 8 p. m., Luther League, and at the same hour, a Lenten tea sponsored by the IHS Class. No admission will be charged, but a silver offering will be received. A sacred program will be given by talent from Sheffield and Ludlow, and refreshments will be served. All are invited. Moriah—Wednesday, 7:15 p. m., Lenten devotions, with the pastor speaking on "Jesus and the Forces of Evil"; Thursday, 4:15 p. m., confirmation instruction, and 8 p. m., YWMS; Friday, 2:30 p. m., Ladies' Aid at the church. Pastor Pearson's topic for Sunday morning in both churches will be "Christ in Court."

Rural Lutherans Will Hear Choir

Rev. Earl W. Carlson reminds his rural Lutheran parishioners that the Upsala College Girls' Choir will sing at a special morning worship period in Chancellors Valley Lutheran church at eleven o'clock on Sunday, with Dr. Evald B. Lawson, college president, preaching the sermon.

All three churches in the parish, Hessel Valley, Saron and Berea, will meet in Chancellors Valley for this service. To allow Sunday school pupils and teachers opportunity to attend, the Youngsville Sunday school will meet at 9:30 a. m. instead of the usual 10:30. All church members planning to go to Chancellors Valley are asked to meet at the Youngsville church at 10:30, so that rides may be provided for all who wish them. Freehold Sunday school will meet with

that at Chancellors Valley at ten o'clock.

Rev. Carlson also states that the midweek Lenten devotions for all three churches will be held at Saron church in Youngsville at 8 p. m. Wednesday, the sermon topic to be "Triumphant Patience."

Chancellors Valley choir will rehearse at 7:30 p. m., Sunday.

Church Notes

The Youngsville United Brethren church is sponsoring a reception in the church basement at 6:30 p. m. Saturday for servicemen and has secured as guest speaker Rev. Edward Rogers, of First Lutheran church, Warren.

"The Rejected Christ" is the theme chosen by Rev. J. C. Wygant for his Sunday morning sermon in First Evangelical church. In the evening, he will preach on "Songs in the Night."

Rev. S. R. Schieb has begun a series of Lenten sermons on the general theme "Christ the Mighty One," taken from the 1830 Passion Play. Themes for the remainder of the series are as follows: March 31, Christ the Mighty One, when people's morals are evaluated; April 4, when men's day-by-day relationships are evaluated; April 14, when men's religion is evaluated; April 21, when men's greatest fear (death) is evaluated.

At the 11 a. m. service at Trinity Memorial church on Sunday, Pastor Boecher M. Rutledge will preach the fourth in a series of sermons on "Questions You Have Asked," the specific theme to be "Is There a Distinctive Christian Morality?"

The sermon subject in First Baptist church at 11 a. m. Sunday is to be "The Three Crosses," Pastor Milton G. Perry speaking. The choir, directed by Viola Landmark and accompanied by Harriet Lind, will sing "O Holy Father" by Marchetti. At the 7:30 evening gospel, the pastor will speak on "The Politician," with the song service and music by the choir as additional features. The Sunday Bible school convenes at 9:45 a. m., with Superintendent Earl Burbee presiding and classes and departments for every member of the

Housewives Will Find Meat Bill Boosted When They Pay

Housewives and the paps who pay the bills when they get into a huddle with the old budget will find that the butcher, the baker and candlestick makers will all get a little bigger cut than in the past. Especially the butcher. Of course the thumb weigher will not get the customary 18 1/2 cent boost in his cut but he is going to get some. The OPA has spoken and in a whisper says that housewives will pay slightly more for most pork and about a third of all beef cuts beginning next week day.

Poor old John Q. Public who pays and pays will have to dig down to make up for the recent 16 cents an hour raise granted the meat cutters. Despite Mr. Truman's suggestion that industry absorb all the wage boosts they still bounce back on the consumer.

Price hikes for veal, lamb and mutton will be announced later.

Retail pork prices generally will be upped an average of three-quarters of a cent a pound, OPA said, while beef price increases will average a third of a cent a pound. Increases for individual pork and beef cuts range from one to

four cents a pound. The price boost for most popular cuts—such as sirloin and porterhouse steaks, bacon and pork chops and loins—will be only one cent a pound.

In some areas, ceilings for these cuts will not be increased. For example, there will be no price change for porterhouse steak in Los Angeles and Dallas, according to OPA, but it will cost a penny more a pound in Chicago, New York and Nashville.

On the other hand, there will be an increase of a cent a pound for flank shank in Dallas, but not in the other cities mentioned.

The reason for these discrepancies, an OPA official explained, is that meat prices are figured under a formula based on costs which vary from area to area. Retail prices are rounded off to the nearest cent.

About three-fourths of all pork cuts are being raised in price, but only a third of beef cuts.

Beef liver and cooked corned beef brisquets are increased by two cents a pound, but other beef variety meats remain at the same ceiling. The only items increased by four cents a pound are bulk dried beef and packaged Canadian bacon OPA said.

The agency added that beginning Monday butcher shops will display posters listing new ceiling prices for beef and pork.

GARLAND

Garland, March 27—Mr. and Mrs. Irwin Sr., have returned to their home in Garland after spending the winter in Florida. Garland again welcomes these admirable people back to our village.

Ma. H. Ayers of Corry spent the weekend with his mother and young son here.

The Pennsylvania Railroad wreck near Garland attracted a large crowd.

Mrs. Bert Graham Jr., and children are back in Garland making their home with her mother, Gertie Black. Her husband plans soon to rejoin the army.

Mr. and Mrs. James Graham are in Olean for a visit. Mr. Graham who is employed on the Moore farm is taking a few days needed rest.

Mr. and Mrs. Wm. Parker are now making their home in Bradford.

Mr. and Mrs. Merle Sandrock visited their daughter, Mrs. Homer Frampton Saturday, who is a patient in the Warren hospital.

Mr. Russell Smith and children, Teddy and Audrey of Youngsville, visited Ida N. Taylor on Sunday.

A delightful Capsule Club party was held at the home of Mrs. Merle Sandrock the first day of spring. Gifts were exchanged by the club members and new friends chosen for another year. Refreshments concluded the social hour.

Mr. and Mrs. Albert Goodwife and small daughters of Warren visited the former's parents here on Sunday.

Mr. Harry Davis of Pittsburgh is spending a few days in his sister's home here. Members of the family are hoping to live some of the time in Garland.

Mr. and Mrs. Louis Culver have sold their home to a Union City party and are planning to move to Titusville.

LUDLOW

Ludlow, March 25—Regular services were held in Moriah Lutheran on Sunday with the sermon subject being "Jesus In The Garden" delivered by Rev. Hans Pearson. The choir anthem was "Beneath The Cross Of Jesus" by Olephane. Announcement was made of a change of Luther League time to Wednesday immediately following the Lenten service. Announcement was also made of a Sacred Concert to be given in the Taber Lutheran church in Kane on Sunday evening, March 31st, at 8 p.m. by the Upsala Girls' Choir of forty-six voices directed by Miss invited. Following the announcements, Karl A. Olson, ex-serviceman, gave a talk concerning the need for Lutheran World Action support. The folders for this Sunday were contributed by Mr. and Mrs. C. W. Swanson.

Lenten services were held on Wednesday evening with a good attendance. The Moriah church board held their regular meeting immediately following this service. Mrs. B. K. Connelly was hostess on the same evening to the Lutheran Circle at her home with a splendid attendance. The meeting was conducted by the president, Mrs. Wm. Hanson. A special report was given by the treasurer, Mrs. Evert Johnson. During the business meeting, it was decided to give a donation to the Red Cross. Mrs. Bert Carlson was welcomed as a new member. Refreshments were served at the close of the meeting.

Vesper services were held at six o'clock on Sunday in the Covenant Mission church with the Rev. Wilbert Nyline of Kane conducting the service. Announcement has been made of the coming appearance of the Rev. Eric Norman, Home Missionary of the Covenant Mission church working in the lumber areas of Maine.

who will speak and show movies of his work in the Covenant church at Ludlow at 2:30 p.m. on Sunday March 31st. Everyone is invited. The public is cordially invited to attend an assembly program on Thursday at 7:30 p.m. in the Ludlow High School auditorium which will include several short plays, and movies using the new equipment. This program will also include orchestra numbers and is given in celebration of "Free School Day" which will occur on Monday, April 1st. It is hoped that there will be a large attendance.

On Friday morning, March 22, Mrs. Emil Nelson and the Ludlow school orchestra gave the assembly program which was enjoyed by everyone. In behalf of the orchestra, James Nelson presented a movie screen 63 by 84 inches, to the Ludlow School which was a welcome gift.

Mr. James Waite attended the Schoolmasters' Club dinner at the Colonial Hotel in Smethport on Wednesday evening at which Mr. C. W. Lillibridge, County Superintendent, reported on the Retirement Program. Mr. Carl Johnson, president of the club, presented 130 film-strips to the county organization. At this dinner a letter was read from Mr. J. W. Fox of Meadville, former Ludlow principal, saying that he had improved to the extent of being able to teach half days.

Mr. Bernhart, assistant county superintendent of schools, was a Ludlow visitor during the week when he gave reading tests to several grades.

Movies given during the week were: "Birds," "Scotland," and "Ocean to Ocean."

Mr. Adolph F. Johnson, Ludlow District Chairman of the Red Cross, has announced a very successful campaign resulting in contributions of a total of \$707.50, a good bit in excess of the quota set at \$650.00. He particularly mentioned the splendid co-operation and interest shown by the people of the town as well as the splendid efforts made by the committee workers. The committee was composed of Mr. Johnson, Misses Anna Murlock, Mabel Peterson, Nina Olson, and Millie Morelli, Mrs. R. E. Wenstran, Mrs. Julius Swanson, Mrs. Albert Carlson, Mike Kalin and Ernest Carlson. The town is certainly grateful to the above for the time spent in such a worthy cause.

Cub-master, Tony Morelli, announces a Cub Pack meeting to be held on Friday night at seven o'clock in the Walter Cox playroom. The public is urged to attend. The Cubs and their Den Chiefs have worked hard to create a program which will not only be interesting but humorous.

In attendance at the annual convention of the McKean County Supervisors and Auditors Association held in the Holley Hotel in Bradford on Thursday were Mr. George Anderson and Mr. Adolph Johnson. These two members of the Ludlow supervisors attended the business meeting in the morning and in the afternoon and were joined by Mrs. Anderson, Mrs. Johnson and Robert Johnson for the banquet served at six-thirty o'clock. They all enjoyed the entertainment which followed the banquet.

Mr. Robert E. Wenstran, owner of the Ludlow Garage, attended a GLE meeting in Falconer, N. Y. on Thursday evening. In attendance on the same evening at a Chevrolet meeting in Warren were Ray Swanson, Ludlow Garage bookkeeper, Clyde Brenneman, Ludlow garage mechanic, and Victor Pearson, Ludlow garage employee.

Mrs. Walter Cox was hostess to the Ludlow Bridge Club at dinner at her home on Thursday evening. Prizes were awarded Mrs. Evert Johnson and Mrs. R. E. Wenstran. The following boys from the

Chapter 16

SHE jumped up, went to the dining-room door, listened, and when she was sure she was not seen, set fire to the letter and burnt the ashes out of the window and rinsed the plate.

Now she was finished with Fennel.

She was still trying to eat when her aunt re-entered the room.

"Not very satisfactory," she observed, with a sigh. "Your Uncle Rufus is difficult to handle. And this detective . . . Their one idea is to see these men in jail."

"Uncle Rufus told this detective that every one of the missing bills was marked with two crosses in green ink on the corners. That will make it much easier to trace them."

"You'll want to see Uncle Rufus," she said. "And then Miles will drive you in to New York."

"Now, while we're here, undisturbed, I want to have a little talk with you. It's not going to be very pleasant for either of us, but I'm afraid it can't be avoided," Aunt Emma went on, "because you're carrying on my work. Neither Peter nor Miles are able—or willing—to help me. I have no one else. That is why I am going to tell you—what it would be kinder not to tell you."

Di waited, very pale.

"You know, of course, what your father was like," Aunt Emma went on. "But you can't remember your mother. She was one of the very few persons—she was perhaps the only person who was ever really fond of me. I don't know why. There is nothing natural about affection. Certainly when Harvey was first married, I felt nothing but disgust and annoyance. I knew he couldn't support a wife and I knew he'd ask me to help him. He did. At

"Yes, thanks," she answered, curtly enough.

"Uncle Rufus," said Aunt Emma, mildly, "Here's Diana. Do you want to talk to her?"

"No!" said the old man, curtly. She went nearer to the bed.

"Would you like me to stay here—in the house?" she asked, in a low voice. "Until you're feeling better, Uncle Rufus?"

"I don't care what you do," he answered, and frowned over on his side, with his back to her.

"We're not a demonstrative family," she observed. "Now . . . Do you want to go at once or wait until after lunch?"

"I'll back now," said Di, and went to her own room.

Looking at her door she took the fifty-dollar bill out of her pocket and examined it. On two corners there were tiny crosses made in green ink.

"What shall I do with it?" she thought. "I ought to get it back to Uncle Rufus somehow. It's his."

She stood looking at it, feeling to the fullest extent all her desolation, her grief, her disappointment. She was going—to what? To no other friend than Mrs. Frick.

Then, suddenly, her spirit rose in arms.

"I'm going to go back to New York and forget all this. As if it were a nightmare. I have all my life before me. I won't be miserable! I won't!"

She powdered her nose and put on her hat, and the very sight of herself in a hat was a delight. At last she was going. She picked up her bag and turned toward the door.

On the carpet, near the door, was a white square of paper. She stooped and picked it up. There were some words written on it in pencil.

"Do not leave this house. If you go they will kill me. Burn this. For God's sake, do not leave this house."

Feed Your Dog as Many Famous Breeders Do

"...gets GRO-PUP every day"

Ralph W. Segerstrom, owner of Danedell Kennels, Long Lake, Minn., says: "My Black and Harlequin breeding stock is in fine condition. They get GRO-PUP every day. I start my puppies on GRO-PUP, too, and they're strong, healthy and full of vigor."

MOST breeders and veterinarians use and recommend a foundation diet of good dry dog food fed with scrap meat, including fat. So many feed Kellogg's gro-pup because it provides all the vitamins and minerals dogs are known to need for growth and vigor.

Kellogg's gro-pup is thrifty. And dogs love its hearty, meaty flavor.

BOILS WATER FASTER THAN GAS

Portable: Costs Less Than \$2.00

A Michigan mechanic has invented an amazing pocket-size electric water heater which boils water faster than gas, yet costs less than \$2.00. Now you can have plenty of hot water when you want it in a jiffy, day or night, summer or winter, in home, barn, store, basement, or milk-house. There are no fires to light, no running up and down basement stairs, no carrying hot water. No top-heavy fuel bills. Merely plug in nearest socket, place in tub, pull, or pan and presto—hot water. Inexpensive to operate. Originally cost \$3.75, now less than \$2.00. For sale by

Massmen Round Out One Of School's Greatest Seasons; Eaton High Scorer With 318

The curtain has officially been drawn on another Warren High School basketball season, but hundreds of fans will never forget the Blue and Whites of 1945—a group of fellows who have engraved an enviable record in the scholastic milestone of local athletics.

Completing their season with an overall accumulation of twenty-three victories and but four losses, the Massmen of the current year have swelled the high school trophy cases with numerous awards for their feats.

As for individuality, this year's boys lacked the dependence upon one player, but what a lone star could have done for them they made up in coordination and team play. For probably one of the only seasons in history, a coach depended entirely upon each man to turn in his best performance and work as a single unit towards victory.

To Coach Joe Massa have gone the congratulations of every basketball fan in Warren. Despite the fact that this was only his second year as head coach, Massa turned out one of the greatest teams in history.

The Dragons scored double victories over Bradford, Kane, Jamestown, Corry, Meadville, Franklin, Titusville, and Youngsville. Single wins were recorded over Erie Tech, St. Marys, the Servicemen, and Oil City, all of which were in the regular season.

Defeats were handed the locals by Oil City, St. Marys, Jamestown, and Homestead, while additional playoff wins were garnered over Millersburg, Sharpsville, and Allegheny of Pittsburgh.

Individual high scoring honors went to Jack Eaton, the giant center. Eaton came through with a total of 318 points for a 12-point average per game. Al Babcock, towering board man, was second with 185 points, and Dick Harris pulled a close third with 176. As for trophies the Dragons received the Chicago Pneumatic Tool Company award for winning

Section Two three times. From District Ten, the Dragons earned a Section Two trophy and a district award. For defeating Pittsburgh Allegheny, the Massmen were awarded yet another trophy and each player was given a miniature gold basketball.

The last award was miniature silver basketballs, awarded the loser in the state semi-final.

Individual scoring is as follows:

Player	G	FG	FT	TP
Eaton	26	136	46	318
Babcock	27	73	39	185
Harris	26	73	39	176

By using a 2 per cent preparation of paprika, state fish wardens are causing brook and brown trout to look like wild trout . . . The Homestead-Allentown game at Philadelphia was a sellout Thursday.

EXPRESSES APPRECIATION
Dragon coach Joe Massa and his players took to thank Ray Reed, Chuck Babcock, Pete Hornung, Luke Noecker, Bob Ritchie and others who were on hand after the Homestead game to offer their congratulations to a successful season, despite the severe 44-13 Steeler loss.

Very seldom will you find a coach so completely wrapped up in his work. Joe was in close harmony with his boys through the entire season and the players had complete faith in him and his judgment. To the players, it means much more when you have a coach on hand who you can go to for all kinds of advice and who is always willing to do more than his share.

"A Don and 4 Johns" Hopes Of Homestead

My ROBERT K. MOORHEAD Homestead, March 28—(AP)—Homestead High School, battling Allentown in Philadelphia tomorrow night for the PIAA Class A basketball championship, will stake its chances on the "Four Johns and a Don" who brought the school 27 victories in 27 starts.

The "Don" is the ace of the outfit. He is Don Asmanga, six-foot guard and high scorer with 317 points.

The "Johns" who make up the rest of the variety also have contributed generously to the team's season total of 1,051 points against 738 for the opposition.

John Kelly's total is 178. John Beechum is next with 164. John Soboginski had made 154 and John Manning, 118.

The victory trial of the unbeaten Steelers runs through 10 tough Monongahela Valley opponents in District 6 of the Western Pennsylvania Interscholastic League, the WPIAL (PIAA District 7) tourney, and the elimination series for the PIAA western regional championship.

Many of the Steelers' victories were close, like their 35-30 win over Sharon for the WPIAL crown; others were as easy as their 44-13 triumph over Warren for the right to meet Allentown in the state finals.

Coach of the Homesteaders is Charles R. (Chick) Davies, former Duquesne University floor mentor. It is the first time in his three years at the Monongahela Valley school that his team won the WPIAL title.

In previous years, Homestead won state championships in 1924 and 1929, and capped WPIAL flags in 1924, 1929 and 1939 and shared the honors with Monessen in 1923.

Moscow, Tehran May Be Presented Three Specific Questions Bearing on Case

(From Page One)
The consulate. Five minutes later the other 10 council members buckled down to work without him.

Available evidence seemed to indicate that the Soviet diplomat had decided at the last minute that since the Iranian question was to come up he would not join the meeting.

In Washington, meanwhile, President Truman told reporters at a press conference he had talked about 30 minutes earlier. He said he fully supported Byrnes who has been seeking a "constructive solution" to the problem, while at the same time he is determined not to permit Russia's withdrawal to hamstringing the council.

Seek Methods For Control of Atomic Power

(From Page One)
Qualities prompted assertions by legislators that this may simplify the task of preventing secret bomb manufacture.

One scientific authority, asking anonymity, told reporters last night that this country actually tried to make atomic bombs from the denatured material and found it impossible.

The state department report proposed no immediate sharing of secrets but rather a gradual divulging of information over a period of years. Saying, however, that some technical data would have to be given out to put the international control plan in effect, it added that this would not "essentially alter the present superiority of the United States."

With the promise that uranium and thorium are the only substances from which the necessary chain reaction can be obtained, the plan calls for the international authority to take possession of all of these ores in the world, making it illegal for others to possess or mine them.

Labor Department Working Against Time To Prevent Shutdown

(From Page One)
John McAlpine, president of the United, Clerical and Supervisory Employees of the Mining Industry, a division of district 50, AFL, United Mine Workers, sent notices to locals yesterday that supervisors were to continue working "until further notice."

Charles Ferguson, secretary-treasurer, said he did not know whether any additional notice would be given prior to the UMW contract expiration date, April 1.

Nazis Sought Broad Treaty With Britain

(From Page One)
pact "made Hitler happier than I have ever seen him."

He testified that at one time his efforts as German ambassador in London got so far as to arrange for Hitler to fly to England to meet Prime Minister Stanley Baldwin, but that Baldwin "declined at the last moment and I believe this was because certain forces in England opposed an Anglo-German understanding."

Von Ribbentrop said that when efforts for the pact with England failed, Germany "decided to re-arm, as Hitler turned to the strength of his own people to solve the problem of winning equality in arms."

FOUR MORE REGIONAL G. O. P. MEETINGS

Harrisburg, March 29—(P)—M. Harvey Taylor, Republican state chairman, said today four more regional meetings have been arranged for state-wide organization candidates in addition to those previously announced for Johnstown, April 3, and Williamsport, April 9.

Taylor said county chairmen and other G. O. P. leaders from nearby counties will attend meetings at Oil City, April 18; Wilkes-Barre, April 30; Philadelphia, May 8; and Harrisburg, May 16, at which all the organization candidates will speak.

Lieut. Sharples Commended

Lt. Ruby S. Sharples has again been honored, her mother, Mrs. Verdie G. Strickland, reporting the following citation recently received from Maj. Gen. Frederick A. Irving.

"First Lieutenant Ruby S. Sharples is hereby authorized to wear the Army Commendation Ribbon, by direction of the secretary of War. As assistant chief of the Athletic and Research Branch, Special Service Division, Camp Pickett, Virginia, since 2 December 1943, Lt. Sharples has contributed immeasurably to the social welfare of the personnel processed through this post. Through her superior organization ability and tact, she has produced and presented numerous shows and supervised the finest type of club entertainment. Her devotion to duty, without regard to hours, is noteworthy and reflects great credit upon herself, this command and the Woman's Army Corps."

SEPARATION CENTER DISCHARGE LISTS

IS AT GREENSBORO

1st Lt. Bessie I. Young, of Warren, has arrived at the Army Air Forces overseas replacement depot at Greensboro, N. C., and is assigned to duties there. Lt. Young entered the service April 23, 1942, and prior to that time was at Warren State Hospital Training School.

ON USS MARKAB

Robert McClellan, seaman first class, has notified his parents, Mr. and Mrs. Hugh McClellan, Tionesta, that he has been assigned to the 9th division aboard the USS Markab (AD-21).

Local Gunner Given Letter

A letter of commendation, with ribbon, was presented by Captain C. W. Wilkins, commander of the submarine force of the Pacific Fleet, administration, to Dean Joseph Kifer, gunner's mate third class, USNR, at ceremonies held at Mare Island naval shipyard, Vallejo, Calif., just recently.

Kifer was cited for "meritorious conduct in action in the performance of his duties as a member of the 20 mm gun crew of the USS Aspro, while conducting lifeguard duties in Empire waters during the period 25 June to 13 August 1945. His exceptional skill and proficiency at his gun materially aided his Commanding Officer in effecting the rescue of a downed aviator in the confined waters of Sagami Wan, while his vessel was being bombed and strafed by enemy planes. His conduct throughout was an inspiration to all with whom he served and in keeping with the highest traditions of the United States Naval Service."

BROTHERS ON LEAVE

Ralph McCool, seaman first class, is spending a 30-day leave with his parents in Jamestown after 22 months in the Pacific theatre. His brother, Keith, pharmacist's mate third class, U. S. Naval Air Station at Patuxent River, Md. is also home for 15-day leave. Both boys attended Sheffield High school before entering service.

GOES TO ROME

Pfc. Spencer Swanson, son of Mr. and Mrs. Oliver Swanson, Chancellors Valley, has received his honorable discharge from the army at Bamberg, Germany, and has accepted a position as chief clerk in the Quartermaster Division of the Air Transport at the Army Air Force Base Unit, Rome, Italy.

EN ROUTE TO GERMANY

Mrs. Herbert Leavitt, 103 Cayuga avenue, has received word from her husband, Lt. Leavitt, that he has arrived safely in France and is en route to a station in Germany, its exact location not known as yet.

HOME ON LEAVE

Joseph R. Manfry, MoMM 2/c, is spending a 30-day leave with his parents, Mr. and Mrs. Frank Manfry, 7 Wetmore street, after serving on the LST-1032 in the Central Pacific for the past 19 months.

What Endocrine can do to bless you with a younger looking face

Think of the added beauty a more youthful face and throat can give! Then harken to this: Scientific research has proved that ENDOCREME can, for most women, contribute to this desirable result in a way formerly thought impossible. Many thousands are now finding that ENDOCREME actually helps to improve the skin itself, not just its transient, superficial "look." This is because ENDOCREME, alone, possesses ACTIVOL®. This ACTIVOL® is a scientific replacement for woman's own natural skin-vitalizing substance. Absorbed by the skin, it helps to restore the normal growth of cells and tissues. It thus aids the skin to become fresher, smoother, more alluringly "alive." What bigger value can any woman young or old ask for her cosmetic dollars? The great majority get big improvement in only 30 days.
